Elcometer 311

**STANDARDS:**

**Automotive Paint Gauge**

The Elcometer 311 Automotive Paint Meter is the fastest automotive paint gauge on the market today, used to instantly measure paint thickness and provide an indication of the overall condition of paint work.

- **Large easy to read values in mils & microns**
- **Dust & waterproof rugged design equivalent to IP64, ideal for measuring in wet or dry conditions**
- **Automatic rotating display allows you to read the thickness value on horizontal & vertical surfaces**
- **Durable & impact resistant case clips straight on to your belt**
- **Scratch, solvent & water resistant colour display for protection against accidental damage**
- **Ergonomic design gives you maximum comfort when measuring vehicles all day**
- **Fast reading rate of 60+ readings per minute significantly reduces inspection times**
- **Ambient light sensor automatically adjusts the screen brightness to your lighting condition**
- **Wireless connectivity**
  - Wirelessly connect the Elcometer 311 via Bluetooth® to your own inspection app or ElcoMaster® for seamless reporting
  - Durable & impact resistant case clips straight on to your belt
  - Measuring values on steel & aluminium body panels
  - 360° auto rotating display for measuring at any angle
  - Automatic temperature compensation accurately measures in desert or alpine conditions alike
  - Switches instantly to measure coatings on steel & aluminium

**2 YEAR WARRANTY**

Elcometer 311 Model T: Made for iPhone 6 Plus, iPhone 6, iPhone 5s, iPhone 5c, iPhone 5, iPhone 4s, iPhone 4, iPad Air 2, iPad mini 3, iPad Air, iPad mini 2, iPad (3rd and 4th generation), iPad mini, iPad 2, and iPod touch (4th and 5th generation). “Made for iPod,” “Made for iPhone,” and “Made for iPad” mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod touch, iPhone, or iPad may affect wireless performance.
Automotive Paint Gauge

In addition to the paint thickness, the Elcometer 311 displays the key statistical values\(^1\) used to assess the overall condition of the paint work; number of readings (n), average coating thickness (x), the lowest paint thickness (Lo) and the Elcometer Index Value (EIV).

The Elcometer Index Value (EIV)\(^3\) provides the inspector with a single number which illustrates the vehicle’s overall paint condition and establishes any previous paint work (PPW) which has been undertaken. This quantifiable number determines the extent of rework & the overall quality of the vehicle being appraised.

As each measurement is taken, the Elcometer 311 can transmit the thickness value via Bluetooth\(^8\) either straight into your inspection application or into ElcoMaster\(^7\), Elcometer’s Mobile App, for instant report generation.

Robust, durable & weather resistant, the Elcometer 311 is available with a 2 year manufacturer’s warranty\(^*\).
